## UNiBA

**PART OF A GLOBAL PARTNERSHIP**

*(Axis Insurance Managers Inc. is the representative for UNiBA Partners in Western Canada)*

UNiBA Partners is one of the world's largest networks of independent providers of risk management, insurance broking and employee benefits services. Our partnership with UNiBA Partners enables us to provide insurance on a worldwide basis – giving you the benefit of strong and independent businesses that have local knowledge, as well as being committed to collaboration, partnership and top class customer service.

The world may be growing smaller but the risks facing a company haven't stopped growing. No one can monitor them all across multiple countries. Legal, cultural, economic, fiscal and social factors all change constantly, subtly or sometimes dramatically, changing the risk picture in each country. The best insight into these ever changing conditions springs from local sources. In our industry there is no substitute for the knowledge, care and sheer intuition of a local specialist.

That's why Axis Insurance was proud to be selected as UNiBA Partners' representative in Western Canada. The network brings together committed insurance brokers like Axis from across the world to deliver realistic solutions. Our mission is to work as a team, across borders and timelines to support your risk management and insurance buying – regardless of where your exposures may be located. Axis Insurance will coordinate the team work and provide you with clear and comprehensible international reporting.

The inconvenient truth is that having brokers across the globe and adding a reporting tool does not in itself produce a solution. Language barriers, cultural differences, differing markets and quality expectations all combine to complicate communication and implementation of any international project. True quality requires clear standards, good communication platforms and, beyond all technology, a passionate willingness to serve our clients. Both Axis and UNiBA Partners stand for this commitment to overcome the obstacles and provide sustainable quality.

**Don't take our word for it. We'd be happy to explain how we can help with your global insurance needs – why not give us a call at 604.731.5328 or email: [info@axisinsurance.ca](mailto:info@axisinsurance.ca).**
